Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner contacted applicant's representative to request permission to make an examiner's amendment to the pending claims 19, 20, 23-25, 35, and 36 in order to resolve typographical concerns, ensure proper antecedent basis, and resolve intended use issues with respect to the apparatus claims, so that all recited features would be given full patentable weight. The examiner noted that the February 15th 2007 Terminal disclaimer had been received and approved with respect to US patent 6,844,727. Additionally the Terminal Disclaimers of January 8th 2007 with respect to US pat. 7,084,625 and US patent 6,452,388 have also been approved. The examiner was given permission to perform the examiner's Amendment and was thanked for her time in moving the application forward towards allowance.
